Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I would just like to say that:Where I live I don't get much service,so I only use mine when I travel for emergency reason. I don't feel that I should have to pay any fee for the time I don't use.The airtime cards are expensive enough without adding another charge on to that.If I wanted to pay a monthly fee I would have gotten a cellular phone instead....But I thought that a tracfone would be better because you only have to pay for a card every few months and you are only charged when you make calls..Not to pay a monthly fee when you hardly ever use it....
tracphone owner..
Thanks for listening..Sincerely A

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Darlene
